DEPUTY COMMISSIONER,
KADUR DISTRICT.

To B. Nagappa, Esq., Bar-at-law,
SECRETARY TO THE GOVERNMENT OF
HIS HIGHNESS THE MAHARAJA OF MYSORE,
Local & Legislative ..... DEPARTMENT,
BANGALORE.

Sir,

As called for in your letter No. L.6713-31/M1.125-23-1 dated the 26th instant, I have the honour to submit herewith a statement showing the details of Grants-in-aid from Government required for execution of water supply etc., by Local bodies during 1924-25.

I have the honour to be,
Sir,
Your most obedient servant,
Deputy Commissioner,
Kadur District.

Statement showing the details of grants-in-aid from Government required for execution of water supply etc., for local bodies during 1924-1925.

No.	Items	Amount Rs.	Remarks.
1.	Chikmagalur Water supply	70,000.	The sanctioned estimate for the work is Rs 253,479, and the Government share of the cost comes to Rs 126,740. Out of this sum, it is understood that Rs 25,000/- were paid by Government in 1922-23 and Rs 30,000/- have been sanctioned for the current year. Hence the balance of Rs 71,240 is required for 1924-25 so as to facilitate the early completion of the work. Its progress is rather slow for want of funds.
2	Koppa. do.	15,000	The estimate for Rs: 33,588/- was sanctioned in Oct 192 The Municipal Council has placed a sum of Rs 8000/- at the disposal of the Special Water supply Construction Division. Water supply to Koppa is a long felt want, and it should be placed on a satisfactory basis at an early date. Hence the grant payable by Govt may be provided for in the State Budget for 1924-25. Provision for the municipal share was ordered to be made in G.O. No. L. 3000-3002/MC. 40-18-27 dated 16-10-22

3	Kadur — DO —	Above 40,000/-	The project for Rs 87,990 is understood to be with the Chief Engineer for Irrigation. The water supply in Kadur Town is very unsatisfactory. The Sanitary Commissioner has very strongly Condemned the present arrangements. Tank water is let into the Standes through gutters constructed to Carry storm water from the streets. This project is very urgent, and it is earnestly requested that the Govern-ment share of the Cost will be provided in the next years Budget.

Sir,

With reference to your letter No.L.6713-31/Ml.125-23-1 dated 25th February 1924 calling for a statement showing the details of amounts of grants-in-aid required by Municipal Councils from Government, I have the honor to state that the Presidents of Municipal Councils have been requested to furnish the particulars by return of post. On receipt of the information, I shall submit the statement to Government without delay.

I have the honor to be,
Sir,
Your most obedient servant,

B Venkoba Rao

Deputy Commissioner,
Bangalore District.

W. H. Robinson

President, District Board,
Bangalore District.

Statement showing the details of amounts of Grant-in-aid from Government required for execution of water supply, drainage, Sanitation and other Public Improvements required in this Bangalore District during 1934-35.

Name of works.	Amount required as grant-in-aid from Government.	Remarks as to the necessity.
1. WATER SUPPLY		
Drinking Water Wells.	15,000-0-0	Owing to the seasonal condition requisitions for wells are being received from all the parts of the District as people are feeling great difficulty for drinking water. The provision of Rs.10000/-made in the District Board Budget in the current year, together with the Government grant already sanctioned and the further grant applied for and also the balance under drinking Water wells Fund may be required to complete the incomplete works and to meet the demands of the current year. During my inspection I found that several wells sunk years ago have dried up. They have to be deepened and new wells have also to be sunk wherever required during 1934-35. The District Board without the aid of Government cannot completely comply with the requirements of the people.
3. PUBLIC IMPROVEMENTS		
ROADS & ETC.		
1. Opening a road from Maralawadi to Harohalli at a cost of Rs.16,300/-.		These works are pending from a long time for want of funds. The opening of these roads are reported to be necessary. The Taluk Board cannot bear any portion for want of funds and the District Board also is not in a position to bear the full amount. On the representation of people and of the Taluk Board, the District Board, on several occasions, [illegible]
2. Opening of a road from Anekal to Harohalli to join Bangalore Kanakanhalli Road. An estimate has been called for. This may also cost about Rs.30,000	30,000-0-0

President, District Board of Mysore,
Mysore.

To

B. Nagappa, Esquire, Bar-at-law,
Secretary to the Government of H.H.,
the Maharaja of Mysore, Local and Legislative
Departments, Bangalore.

Sir,

With reference to your letter No.L.6713-31/Ml.125-23-1 dated the 25th February 1924 calling for a statement showing the details of amounts of grant-in-aid from Government required for execution of water supply, drainage, sanitation and other public improvements by Local Bodies during the year 1924-25, I have the honor to state that grants-in-did are required for the above purposes as explained below:-

1. The local bodies have not received any grant-in-aid for the past two years for sinking drinking water wells in the District and no balance will remain at the credit of the "Drinking water wells Fund at the end of the current year if funds are not allotted for the purpose as already requested in this office letter No.C.1317/L.B. 23-24 dated 22nd February 1924. In order to meet the cost of well works which may remain incomplete at the end of the year 1923-24 and of new works requiring sanctioned during 1924-25 a grant-in-aid of Rs.20,000 at least may be sanctioned for the year 1924-25.

2. A lump sum of Rs.20,000 may be contributed for sanitation, --- drainage and other works. The details for this will be furnished in due course in consultation with the District Board at their next

meeting to be held on the 12th April 1924.

I have the honor to be,

Sir,

Your most obedient servant,

From

C. B. GOPALA RAO, Esquire,

President, District Board, Kolar.

To

B. NAGAPPA, Esquire, Bar-At-Law,

Secretary to the Government of Mysore,

Local and Legislative Departments,

Thro' Bangalore.

The Deputy Commissioner,

Kolar District.

Sir,

With reference to your letter No.L. 6713-31 Misc. 125-23-1 dated 25.2.1924 which was received in this offic on 27.2.1924, I have the honour to request you to be good enough to move Government for a grant of Rs. 63,000/- towards public improvement to be effected by the several local bodies in this District (As per accompanying statement)

2. I dare say Government are fully aware of the unsatisfactory condition of the finances of the Local Boar in this District. Added to this, adverse seasonal conditions during the past year and the current year as have rendered the position of the Local bodies very difficult, even to discharge their normal duties efficiently.

3. The condition of communications of all classes i the District is far from being satisfactory; and unles immediate repairs are undertaken, the several village improvement, Taluk Fund Roads in the District, laid ou at considerable expense, are likely to become utterly less and our work in the past in this direction will soon have become a mere waste of so much money spent. Besides this, there have been complaints from various

quarters that portions of our District-fund-roads under the management of the P.W.D. are in need of urgent repairs.

4. Again the question of opening out portions of Mulbagal, Sreenivasapur, Chintamani, Sidlaghatta and Bagepalli Taluks is being pressed again and again for favourable consideration by the Board. The demand is so very persistent and legitimate that the Board cannot reasonably put off taking up the question any longer.

5. As I have already pointed out, on account of paucity of funds, the Local Boards are unable to show in any progress in this direction without substantial grants from Government. Taking all points into consideration, a request for a grant-in-aid of Rs. 25,000/- from Government will, I venture to state is a very reasonabl one.

6. The question of finding adequate water supply to all the villages in the District with a view both to improve the Sanitary condition of the people in rural parts and also to insure against water famine in unfavourable seasons is engaging the serious attention of the Board. A definite comprehensive scheme will be submitted to Government in due course. In this connection, I may be permitted to state that a liberal grant from Government will be of immense value in meeting the present situation which, particularly this year is causing great anxiety as all the available water sources are failing in the several parts of the District. I have submitted a detailed report in this behalf (vide correspondence ending with my letter No.E.C.4 of 23-24 dated 26.1.1924) and early orders of Government re the supplemental grant for the current year are solicited as estimates amounting to over Rs. 18,000/- are already

Dno. 4637
LD. 57-23-48

GENERAL & REVENUE SECRETARIAT
LOCAL SELF GOVT. BRANCH

already pending sanction for want of grants from Government. It is expected that some more estimates will come in before the end of the current official year.

7. A sum of Rs.11,000/- has been asked for with a view to introduce and start drainage schemes on modern lines in -- selected villages in each of the eleven taluks. This sum will if necessary be supplemented to the extent necessary from the resources of the local bodies.

8. Under these circumstances, I request that you will be pleased to move Government for early sanction of the grant prayed for.

I have the honour to be,

S i r,

Your most obedient servant,

L. Venkatarāja

Statement showing the details of grant-in-aid from Government required for execution of Supply etc. for Local Bodies during 1924-1925.

Sl No.	Item	Amt	Remarks.
	uglur water supply	70,000/	The sanctioned Estimate for this work is 2,53,479/ and the Government share Cost Comes to Rs 1,26,740/-. Out of this sum it is understood that Rs 25 500/- by Government in 22-23 and rupees 30,000/- have been sanctioned for the current year hence the balance of Rupees 71,240/- is required for 1924-25 as to early Completion of the work. Its progress is rather slow for want of funds.
	Koppa Water Supply	15000/-	The estimate for rupees 33,588/- was sanctioned in October 1922. The Municipal placed a Sum of rupees 8000/ at the disposal of the special Water Supply Construction Division. Water supply to Koppa is a long felt want and it be placed on a satisfactory basis at an early date. Hence the grant by Government may be provided for in the State budget for 1924-1925:- Provision for the Government share was ordered to be made in G.O.No.L.3000-3 Mnl. 40-18-27 B, 16th october 1922-
	Kadur Water Supply.	40,000/	The project for water supply Scheme to Kadur Town for Rs 81,990/- is understood to be with the Chief Engineer (Irrigation). The water supply in Kadur Town is unsatisfactory. The Sanitary Commissioner has very strongly Con the present arrangements. Tank water is let into the Hundas through gutters, Constructed to Storm water from the streets. This project is very - and it is e requested that the Government share of the cost will be 5 in

A statement showing the details of amount of grant-in-aid from Government required for Public works by the Local Boards in the Chitaldrug District for the year 1924-25

Details of works	Amount of grant-in-aid required	Remarks.
Sinking of drinking water wells.	10,000	As there will be a large number of incomplete work under the Drinking water wells Fund during 1924-25 owing to the large number of wells sanctioned during the current year in view of the seasonal conditions and as the balance at the credit of the Special fund is very limited, the grant applied for is very necessary
Sanitary improvements in the non-Panchayet areas.	4500	The grant applied for is quite necessary to enable the local bodies to undertake sanitary improvement works in the non-panchayet areas owing to their slender finances which do not permit such works being undertaken at present

GENERAL DEPARTMENT SECRETARIAT
17 MAR 24

Dear Sir,

Your D.O.No.L.7224--30/Ml.175-23-15 dated the 12th instant re grant in aid from Government for execution of water supply drainage, sanitation and other public improvements for the year 24--25.

2. A reply was sent to the above in my letter No.806 dated the 4th instant. A copy of it is herein enclosed.

3. The figures given in the statement relate only to the [illegible] in this Department.

Yours Sincerely,

B. Nagappa Esq., Bar-at-Law,
Secretary to the Government of His Highness the Maharaja of Mysore,
Local and Legislative Departments,
B a n g a l o r e.

Copy of letter No.806 dated 4th March 1924 from the Municipal Commissioner, Bangalore City, to the Secretary to the Government of His Highness the Maharaja of Mysore, Local and Legislative Departments, Bangalore.

With reference to your letter No.L.6713--31 Ml.125-23-1 dated the 25th inst ultimo, I have the honor to state that a sum of Rs.91,446 is provided in the Draft Municipal Budget for 1924--25, as contribution to be paid by Government on account of Bangalore City Improvement Works, as per details given in the accompanying statement. It may be kindly intimated very early what provision in the Municipal Budget for 24--25 under discussio should be made for City Improvement Works as Government have been granting Rs.50,000 for the last 3 years.

" C o p y "

Municipal Commissioner.

Enclosure No. 1 Statement

Sir,

With reference to your letter No.L. 6713-31 Ml.125-23-2 dated 25th February 1924 and subsequent reminder No.L.7224-32 Ml.125-23-12 dated 12th March 1924 regarding grant-in-aid from Government required for execution of water supply, drainage by the several municipal Bodies in the District for the year 1924-25, I have the honor to state that the information called for in the matter has been received only from 6 municipal councils and the same has been embodied in the statement enclosed herein.

As regards the remaining municipalities so far as information is available in this office no schemes requiring Government grant-in-aid are under the consideration of the municipal councils. The municipal council, Davangere have since submitted an estimate for Rs 23360 for the construction of a settling tank for the use of Davangere water works at Haribar, requiring

that half the cost of the said work may be borne by Government owing to the financial stringency. Further information has been called for as to the necessity or approaching Government for grant-in-aid referred to above.

Under the circumstances, a sum of Rs 12000 may be made available from Government towards the improvement of water supply to Davangere town for 1924-25 in addition to the amount of Rs 21535 shown in the enclosed statement.

I have the honor to be,

S I R,

Your most obedient servant,

Deputy Commissioner,

Chitaldrug District.

Water Supply, drainage, Sanitation etc by the Several Municipalities in the Chittoor Dt. for the year 1926-27

6. The introduction of the water supply has enormously increased the importance of a drainage scheme for the town. Formerly the quantity of domestic sullage was not pronounced on account of the comparative scarcity of water. Things are quite different now.

The town lays no pretensions to any drainage arrangements. The drains are primitive "V" shaped ones laid without any regard to levels. In several places, there are so-called box-drains which merely consist of rough, unshaped stones placed one above another on either side, - apparently only to give a direction to the flow of sullage. At the outskirts of the town, the flow gathers and becomes a meandering streamlet with numerous irregular pools in its course. As may be expected, sewage stagnation occurs in several places in the town, but no purpose would be served by citing specific instances, as the remedy lies in effecting repairs to existing drains but in renovating and placing the entire arrangements for drainage on a satisfactory basis. I was informed that a drainage project for Rs90,000/- is ready but that the work is held up as Government are not in a position at present to contribute their share of the cost of the scheme.

7. The whole question was informally and thoroughly discussed at a meeting of the Municipal Councillors, when the Deputy Commissioner was also kind enough to be present. There was unanimous agreement that the drainage scheme ought not to be postponed any longer. I was shown a copy of letter No. L. 679/MI. 118-19-6 dated the 26th July 1923 from the Secretary to Government addressed to the Chief Engineer, in which Government direct that the project will have to lie over for some years until they are able to make a provision for their share of the cost or until the Municipal Council are also able to bear the entire cost of the scheme. The Deputy Commissioner expressed on behalf of the Council their preparedness to contribute a sum of Rs45,000/- immediately out of the sum of Rs54,000/- that is at present

was no justification to keep it so, when other Municipalities raise loans in order to provide conforts and conveniences to the public. The Municipality of Davangere felt that they ought to find funds to finance the scheme in its entirity themselves, if by any possibility they could do so. But they were in an embarassed situation financially They did not wish to embarass Government on the other hand and all that they require was an assurance that - as soon as was convenient possible, - Government would be pleased to pay their share of the cost either in a lumpsum or in the shape of annual grants. In the meantime and with the Municipal contribution of Rs45,000, the several works provided for in the scheme could be taken up in other order of urgency and proceeded with. These proposals appear to be very reasonable and deserve the favourable orders of Government. A recommendation will accordingly be submitted to Government through the Chief Engineer for Irrigation. I gathered that the Council desire to comrlete the out-fall works and the main drain and attend to the construction of the feeder drains later on. I am convinced that if at least this much is done it would be a great improvement indeed.

Kolar. the 29th February 24. Calling for a Statement Showing the details Amount of Grant-in-aid from Govt. - required for. Execution of Water Supply, Drainage, Sanitation and other public improvements &c -

H.C. 590/23-24

To. 197/25 Submitted to the Deputy Commissioner Kolar

With reference to the above letter received today I beg to Submit herewith a Statement called for. As explained therein the resources of this municipality are very limited and these works cannot, without generous aid from Government, be undertaken by this municipality. This is more over a frontier Taluk and the improvements on the lines indicated are very necessary. Hence a grant of Rs 3500/- may kindly be recommended from the State grant for the year 24-25.

K [illegible]
President
Mulbagal Municipal Council
2.3.24

Statement showing the items for which Grant-in-aid from Govt is expected as per Letter No. L.6713/31/Dev. 223-231. dated 25.2.24 from the Secretary Legislative Department.

No	Items	Amount of Grant-in-aid asked for	Details of work	Explanatory notes.
1	Water Supply.	2000/-	Sinking 2 permanent wells in the eastern portion of the town and also improving the existing two wells by deepening.	The necessity for improving the water supply to Kuttayar town is often observed by all the inspecting officers. The soil in this locality is rocky and requires to be blasted at a very heavy cost. The present poor financial condition of the municipality does not permit these works to be taken up. Hence a grant-in-aid of Rs 2000/- may kindly be granted to meet the extra charges which may be contributed from the municipal funds.
2	Drainage.	500/-	The drainage of this municipality is very defective. Bits of stale drains are constructed here & there without proper levels. There is no final discharge for the sewage water and the stale sewage water breeds within the municipal limits. The town is not surveyed, levels taken and plan prepared. This must be attended to before the drains are constructed.	The resources of the municipality are so poor as not to meet the ordinary recurring expenses. So the regular survey plan may kindly be got up by the Government this time and the construction of proper drains may be taken up afterwards. A grant-in-aid of Rs 500/- may kindly be granted towards this.
3	Sanitation.	1000/-	Pit System of latrines prevails in the town. This must be put an end to first. To do this bits of land and houses are to be acquired	As already stated the resources of the municipality are very limited. Hence a grant of Rs 1000/- may kindly be sanctioned out of the

to open out Conservancy lanes. Main drain heavy Cost. The town is overflown with privies &c. This is to be removed immediately by means of Special Staff.	next year's allotment to meet this. This is being attended to by the Municipality.

2/4

I have the honor to acknowledge receipt of your memo No. M.C. 456/ Rev. 23-24 dated 29th February 1924 enclosing copy of letter No. L. 27,3-31/ Ml. 186-23-1 dated 25th February 1924 from the Secretary to Government, Local and Legislative Departments and in reply to invite your kind attention to this office No. 727 dated 29th June 1923 (Copy enclosed for ready reference). Last year a similiar reference was made by the Sanitary Commissioner and after protracted correspondence the scheme for road drains was thrown away for want of Government sanction vide copy enclosed.

2. If the Government on reconsideration be pleased to grant at least Five thousand rupees a year, the Municipality will arrange to set apart a similiar sum in their budget as from next year (1924-25). A long felt want will thus be fulfilled.

I have the honor to be,

Sir,

Your most obedient servant,

For President,

Shimoga Town Municipal Council.

ASR.

ter No. 727 dated the 20th June 1935 from the President, Shimoga
n Municipal Council, to the Deputy Commissioner, Shimoga District.

With a view to improve the road drains within the Multy. and in view of the letter from the Sanitary Commissioner dated the 31st Janry. 1935 the Ml. Council got a plan and an estimate prepared for providing stone drains for the whole length of the road within the Municipal limits. At present drains are cut on both sides of the roads at the begining of the monsoon every year. These drains get silted-up with loose earth washed away from the roads by the heavy rains with the result that every year a heavy amount is being spent on cutting drains of the road.

2. To avoid a recurring expenditure the Municipal Council have thought it advisable to have a stone drains on both sides of the roads and thus prolong the very life of the roads. The estimate for these stone drains amounts to a tall figure of Rs. 1,20,440/- but as this sum is beyond the means of this Municipality the Council have resolved that the work may be distributed over a period of 12 years with any grants that may be awarded from either the Government or the Sanitary Commissioner. With this object in view the Council have aportioned this year a sum of rupees 5,000/- towards the drain work and have sought from the Sanitary Commr. for an equal grant.

3. In reply to a requisition made to the Sanitary Commissioner enquiries are made whether the plans and estimates have been approved and sanctioned by Government. I have the honor to therefore request you to kindly place this scheme before the Government for their favourable consideration and to obtain necessary sanction.

4. As regards the proposal of the Council for formation of the road drains I may be permitted to add that these drains when formed will be able to empty both rain and waste water into the Sanitary drains constructed through the Agency of the Sanitary Department. The stone drains may be considered as an absolute necessity as in some places at present the earthern drains are washed away during heavy rains causing stagnation of water in places and endangering public health.

" COPY "

For President,
Shimoga Town Ml. Council.

Letter No. L. 3385/ Ml. 41-23-4 dated 10-11-[illegible], from the Secretary to Government, Local and Legis. Departments to the Deputy Commissioner Shimoga District.

With reference to your letter No. C. 5/L..B. 23-24 dated the 20th July 23 submitting for sanction an estimate for Rs 1,20,440/- for providing stone drains for the whole length of roads in the Municipal limits of Shimoga Town, the cost being spread over for a period of 12 years and financed by the Municipality, supplemented by substantial grants, therefor from Government, I am directed to state that it is not possible to take up the scheme before the works in progress are closed and before the Municipal Council find ways and means for financing such projects according to previous Government Orders.

2. The estimate and plan, received with the letter under reference, are returned herewith.

the Maharaja of Mysore, Local & Legislative
Departments, B A N G A L O R E.

5891

With reference to your letter No.6715-31/Ml. 125-23-1 dated 25th February 1924 calling for information regarding grants-in-aid from Government required by the local bodies for the execution of Water Supply, Drainage, Sanitation and other Public improvement works for 24-25, I have the honor to enclose herewith a statement containing the required information together with an explanatory memo regarding the works.

I have the honor to be,
S i r,
Your most obedient servant,

Hon Deputy Commissioner,
Hassan District.

Explanatory Note showing the necessity for the grant.

Hassan Town Municipality:- Explanatory note received from the President as enclosed in original with my remarks thereon.

2 Holenarsipur Town Municipality:- A project for ₹32430/- for the drainage of the town prepared by the Executive Engineer, Sanitary Division 3 years' back is said to have not been put on hand for want of funds, the Municipality having paid a heavy compensation of ₹12000/- for acquiring some lands for town extension recently and the balance at the credit of the Municipality being very small and necessary for meeting ordinary expenditure, the Municipal Council request for a grant of ₹5000/- every year to carry out the project which they would supplement by a similar amount from their finances.

3 Arkalgud Municipality:- The grant is reported to be necessary for carrying out Sanitary improvements and it is a fact. A grant of ₹1000/- will do for 1924-25.

4 Saklespur Municipality:- A grant-in-aid of ₹ 2000/- is applied for.

5 Arsikere Municipality:- It is explained that the Municipal Council intend to spend ₹10000/- for improving sources of drinking-drinking water and ₹24000/- towards providing good drainage system to the town. The balance at the credit of the Municipality is reported to be very small being only ₹31000/- at the end of February 1924, and it is explained that it is not possible to provide for all the improvement works out of the Municipal Funds. The Municipal Council request that Government may be pleased to sanction half the total estimated cost of ₹34000/- for 1924-25, the full amount for water supply and ₹2500 for drainage works is recommended.

Belur Municipality:- Sewage water of the town stagnates in the moat round the fort at Belur affecting the public health of the town to a very large extent. There was a very severe epidemic of malarial fever this year. As a preventive measure it is proposed to drain off this sewage water into the Malasinakere tank to the north of the town at a cost of ₹1000/-. The Municipal Council request that a moiety of the cost be contributed by Govt.

A grant of Rs.500/- is prayed for to arde the cost of sinking a drinking water well which is necessary.

Deputy Commissioner,

Hassan District.

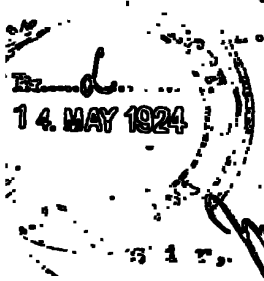
No. 429-23

W. Ramaratnam, Esq., B.A., L.T.,

Deputy Commissioner, Kanara District.

Mal 128-23-CD



The Hon'ble Mr. J. Chapple, Esq., B.A.(Cantab), I.C.S.,

Secretary to the Government of His Excellency the

Governor in Legislative Department,

Bangalore.

Sir,

5933 In continuation of this office No. G. 429-b/R.C. dated 10th [illegible] regarding the grants-in-aid from Government required by the Local bodies for the execution of Water Supply Schemes, Sanitation and other public improvement works for the year 1924-25, I have the honor to forward herewith in original an explanatory memo received from the President, Western Term Mahimalgarh oil, in the matter.

I have the honor to be,

Sir,

Your most obedient servant,

G. Ramaratnam

Deputy Commissioner,

Kanara District.

Master

necessity

or the grant-in-aid applied for by the Hassan Town Municipality, for execution of Water supply, Drainage, Sanitation and other public improvements, in the Hassan Town :-

Water supply.

The supply of good drinking water to the Hassan Town has been from time to time urged for the consideration of Gover-ment.

Till a substantial Scheme for Water supply to this Municipality could be provided, it is absolutely necessary to conserve the Devikere series of Tanks and the feeder sources thereof and to keep the same free from contamination.

This is recommended
Hon
13/12

Hence the necessity for the grant of Rs.10,000/-.

2. -Drainage.

As regards Drainage, the Sanitary Commissioner was approached in the year 1921-22 for a contribution of Rs.3457/- ie ½ the cost of the estimated amount; but he was pleased to state that no funds were available from out of the Budget provision for the year 1921-22, that recommendation would be made to Gov. Government to provide for Grant-in-aid for the purpose in the Budget of 1921-22 and that necessary provision for the other moiety of the cost may be made in the Budget Estimates for the year 1922-23.

Accordingly Rs.3500/- having been provided in the Budget for the year 22-23 works to the extent of Rs.3174/- were executed during the year.

n Rs.3400/- was provided n the

or the

the Government reduced the Budget provision by Rs.3200/- unde Public Works " the Drainage works could not be taken on hand.

Drainage works to the extent of Rs.3174/- out of the sanctioned allot -ment of Rs.6914/- have been complet- -ed. Hence a grant of Rs.3750/- is prayed for with a view to completing the remaining works under this head.

Grant of Rs 2000/- may be sanctioned Rm

3. Sanitation.

Regarding the Sanitation, a compre- -hensive Project for a net cost of Rs.32,175/- for the improvement of the old Town of Hassan, prepared by the Executive Engineer, Special Water sup- -ply Construction Division, Bangalore, in accordance with the requisition of the Municipal Council, has been receit -ed.

The Project was caused to be pre- -pared in pursuance of Rev: Secretarys letter No.L.110/Ml:69-21-2 dated 7th July 1921(D.R.A.subject No.216).

On account of pamcity of funds, this Municipality is not in a position to work out the Project. As the old Town of Hassan is in urgent need of improvements, a grant of Rs.20,000/- at least may kindly be given for the present.

will have to be spread over series of years. A Grant of Rs 5000/- may be sanctioned for 1922-23 Rm

4. Other Public improvements:-

With regard to other public im - -provements, Roads and Drains in the old Beernahalli extension are yet to be taken on hand and the probable

will be about

In 1921-22, 66 acres and 37 guntas were acquired from Municipal Funds at a cost of Rs.15480/- for further extend -ing the Beernahalli Extension now named " Krishnarajapuram ". The amount that may, in the long run, be expected from the sale of sites is about Rs.10000. Roads, Drains and culverts will cost about Rs.25,000/-.

The Municipal Council with its slender resources is not able to bear the heavy out-lay of Rs.45,000/-.

Hence a grant of Rs.25,000/- at least may kindly be sanctioned.

H Basavanna

President,
Town Municipal Council,
Hassan.

Thus is the total grant prayed for from the grant for 1924-25. Govt may graciously sanction the total grant of Rs 15,000/- being half the net cost, and allot Rs 5000/- for 1924-25

From.

A. K. SYED TAJ PEERAN, Esq., B. A.,
President, District Board.

The Secretary to Government of Mysore,
Local and Legislative Departments,
Bangalore.

Sir,

I have the honour to submit herewith a statement showing the details of amounts of grant-in-aid required from Government for the execution of water-supply, drainage and Sanitation etc., by Local Bodies during the year 1924-25, as desired in your letter No. L. 6713-31/Ml. 125-27-1 dated 25-2-24.

The Govt grants under "30, grants for public improvements" for 24-25 have been fixed up. The connected file is in the Financial Sectt. It is understood from the H. Sectt that all these papers are recorded there, after the Final Budget for 24-25 issues.

I have the honour to be,
Sir,
Your most obedient servant,
for President,
District Board, Shimoga.

REF. applied, this will be sent to the H. Sectt, along with 8C 18 on the same subject

		Kalki (1) Navale (2) Santekabulki (3) Balekuli	300	
		(1) Hosavadi.		
		Acquisition of lands for storing manure in (1) Arahatolalu. (2) Bayalava Hosalli. (3) Nimbegondi (4) Somanacoppa (5) Hralalu.	500	
		Construction of rest houses at	500	
		(1) Jadikatte.	400	
		(2) Masarahalli	350	
		(3) Hebbandi	400	
		(4) Anveri	400	
			1650	
			949½	
2	Channagiri	No grain-in-aid is necessary as there are no such works to be executed		
3	Sagara	No work in that taluq for which grant-in-aid is required.		
4	Shikarpur	Water supply.	6000	
		in many villages of the taluk.	5000	
		Drainage	3000	
		Sanitation	14000	

There are no separate places set apart for storing manure. Lands are to be purchased at the cost of Dy. Board funds for which ½ the cost may kindly be sanctioned.

There are no resting houses in these villages. Subbanna of Masarahalli, Channabasappa of Jadikatte, Siddaia Hallappanavara, the villagers at Hebbandi promise to pay ½ of the cost, the others have to be sanctioned by Govt.

The scarcity of water being keenly felt, particularly in summer in many villages, there is no fund to appeal to Govt for grant-in-aid since the poor villagers plead their inability to contribute either in full or in part — to improve the drainage at Shikarpur

P.T.O.
